

H-HD Hydraulic Pit Leveler

www.miiequipment.com

Hydraulic: 1HP, 1GPM

25,000; 30,000, 35,000; 40,000; and 45,000 lbs. dynamic capacities are available in 6', 6.5', and 7' widths by 6', 8', and 10' lengths.

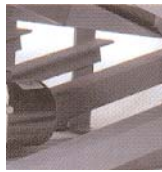

**Dependable
Handle-It Levelers Keep
Working for You!**

Handle-It H-HD Series Hydraulic Pit Levelers offer strength and easy operation. A single rotary switch control activates and recycles the leveler when the truck is at the dock or departing. The hydraulic system provides smooth and efficient operation. The Deck and lip are constructed of 55,000 lbs. minimum yield steel tread plate. The Lip Keepers sever to provide for safe cross traffic when the unit is stored and night locks for added security. Each Handle-It H-HD Series Pit Leveler comes with dock bumpers and grease fittings on the lip hinge.

Warranty

Handle-It offers a 1-year warranty on all parts including structural members, motor pump, and miscellaneous parts (including materials, labor, and freight).

Exclusive Handle-It Base Frame Support Struts make our H-HD Series the strongest and safest in the industry!

Solid Steel Structural "C" Channel offers matchless deck support - providing a 39% greater resistance to elastic bending than other designs.

Inline Safety Stop guards against leveler free-fall in the event of premature truck departure.

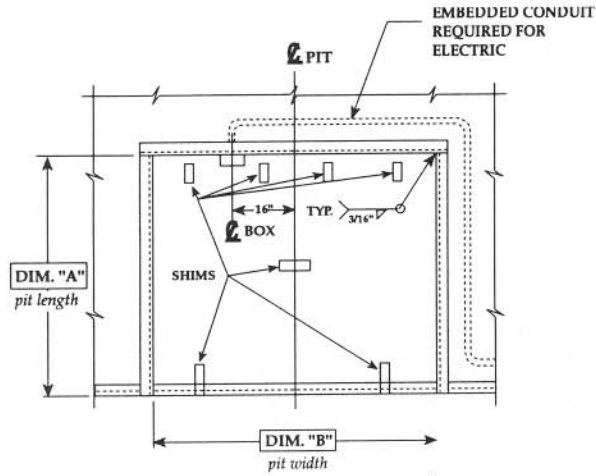

Guarantee

Handle-It will provide our standard warranty **or match any documented competitive warranty in the industry** for comparable models. There is no fine print. *We guarantee it!*
